

## **199 Prince Street Summer 2010 Class List**

Summer is here and we are finally getting some warmer temperatures. We must remember how cool it was in May when we find the heat starting to get to us. Quilting B & More has put a class schedule together to offer those wanting to keep busy during the summer months something to work on. Of course as always we have owners' classes each month for those individuals who find themselves lucky enough to own a new Singer or PFAFF sewing machine. We have added "How to Make Bias Binding" and "Making your own Quilt Labels" to help anyone who needs a refresher or for those beginners who would like to learn some of the basics. We are also offering a whole week of Christmas themed classes during the last week of July. This is a great time to start working on Christmas projects and gifts. You will receive a discount off the classes if you decide to take all the classes that week, however you can register for just one if there is one in particular you really want to make. We hope you will find a project that will satisfy the creative urge at Quilting B & More this summer.

If a class requires that you purchase a pattern or book, it will be stated in the class description. We offer a 10% discount on fabrics and a 10% discount on notions and Patterns or Books used in our classes. In addition your purchases get added to your Honey Bee Account. Not a member of the Club, just inquire at the shop and we will get you signed up. Machines are provided for our classes free of charge.

All classes must be paid for at least one week in advance of the start date of class. A paid registration holds your place in the class. If insufficient registrations cause us to cancel the class, your class fee will be refunded. If you are unable to attend a class, one weeks notice is required for your payment to be refunded in full. We also ask if you would refrain from wearing scented products due to allergies. We look forward to seeing you at the Quilting B & More this summer.

### **Owner's Classes**

This is a series of up to four classes to help machine owners learn more about their sewing machines. Owners will learn how to use all their accessories, plus learn such things as sewing on buttons, buttonholes, blind hems, appliqué, gathering, tapering, and so much more. These classes will continue on an ongoing basis and the best part is they are free to Quilting B & Mores' PFAFF and Singer machine owners. If you purchased your PFAFF machine from someone other than Quilting B& More, there is a \$20.00 fee per class.
